This list is updated regularly to include new models. Older models may not appear below. If your model is not listed, please contact AT&T at 1-800-331-0500. If you are not certain of the model of your device, refer to your original receipt or you may be able to determine the model by following these steps: Turn your device's power off. Carefully remove the battery cover and the battery. The model is typically printed on the white label located under the battery. This list is changed from time to time. Please check this list any time your device changes.
